

FOR LOCAL SERVICE BUSINESSES

Your phone is costing you customers.

Here's exactly how much. And how to stop it.

[Your Agency] . AI Front Desk for the Trades

THE PROBLEM

When nobody answers, they don't wait.

They call the next guy. Then they hire him.

62%

of calls to home-service
businesses go
unanswered

85%

of voicemail callers never
call back

78%

of customers buy from
whoever answers first

WHERE IT GOES

Five places the money leaks out.

Missed calls

Every missed call is a job your competitor just won.

Speed to lead

Answer first or lose. The fastest callback wins the customer.

Time drain

Your best people answer 'how much' instead of doing the work.

No-shows

Empty slots burn fuel and pay nobody.

No reviews

No reviews means no ranking. No ranking means no calls.

COST OF DOING NOTHING

Run the math.

8 missed calls a week

\$450 average job value

50% were real customers

WALKING OUT THE DOOR

\$7,740

every month

\$92,880 a year

Conservative. Plug in your real numbers and it gets worse.

THE FIX

One fix. A 24/7 AI receptionist.

It answers every call in your name. It never sleeps, never quits, never misses one.

1

Answers instantly

On the first ring, day or night. A friendly voice, never a beep.

2

Books the job

Qualifies the call, grabs the details, drops it on your calendar.

3

Follows up

Reminds, refills cancellations, and asks for the review. On autopilot.

WHAT IT DOES

It does a lot more than answer.

24/7 answering

Every call, in your name, around the clock.

Missed-call text-back

Fires a text the instant a call slips through.

Reminders + backfill

Cuts no-shows and refills cancellations from a waitlist.

Review engine

Asks every happy customer, climbs you up Google.

AI smart estimate

Quotes from a photo or an address. Real numbers, fast.

Win-back & referrals

Re-engages quiet customers and asks for referrals.

THE PART NOBODY ELSE DOES

It doesn't just answer. It quotes.

Roofing example. The customer sends an address and a couple details. The AI measures the roof from satellite and hands your estimator a full materials list. Before anyone climbs a ladder.

SAMPLE TAKEOFF

- 28.5 squares of shingles
- 86 bundles (3 per square)
- 6 rolls underlayment
- 120 ft starter strip
- 95 ft ridge cap
- 180 ft drip edge
- 180 ft gutters + 6 downspouts
- ~4 coils of nails

WHAT YOUR CUSTOMER FEELS

This is what they get.

Missed-call text-back

Hi! Sorry we missed you, the crew is on a call. What's going on, and what's the address? I can get you on the schedule right now.

Appointment reminder

Reminder: your service is tomorrow 1 to 3pm. Reply C to confirm or R to reschedule. We'll text when the tech is 30 min out.

Review request

Thanks for choosing us! Mind leaving a quick Google review? It really helps a local shop like ours.

Real messages. Sent automatically. In your business's name.

HONEST COMPARISON

Three ways to handle your phones.

	Voicemail	A receptionist ~\$3,500/mo	AI Front Desk
Answers 24/7, nights & weekends	No	No	Yes
Never sick, never quits	No	No	Yes
Answers 5 calls at once	No	No	Yes
Books the job & follows up	No	Yes	Yes
Monthly cost	\$0 + lost jobs	~\$3,500+	A fraction of one job

THE OFFER

See your missed-call number **before** you pay a dime.

- ✓ Live on your line in about a week.
- ✓ Works with your existing number.
